Learning together. Achieving together.

12th June 2020

Dear Parents/Guardians,

I am sure you are now aware that schools are not going to be in a position to open up to more year groups other than reception, year 1 and year 6 by the end of the official summer term (in addition to children of Key workers). This position was predictable as we hadn't received any guidance on how this could be achieved. On Wednesday the government announced that it is planning summer catch-up programmes for children. At this moment I do not know any more than you do about what this will entail and whether it will be something that will be offered to the children at Waverton School. We are awaiting some guidance early next week. I also do not know whether the school will be expected to be open for children of Key Workers during the summer break.

Staff will continue to provide work on the children's class web pages and seek to answer any queries that you have by email. All of our teaching staff will be working with the "bubbles" of children so there will be times when they can't immediately respond to queries. As I mentioned before half term, we are now contacting families and speaking to children where they aren't returning to school and we will continue to do this over the coming days and weeks.

We haven't forgotten you or your children. I know things are incredibly hard for some of you and I wish I was in a position to have them back with us now. We are looking at ways in which we can bring the children back into the fold in some way before September, whether this is through on-line means or by through some sort of visits to the school that are acceptable within the guidelines.

I will write to you again next week.

Yours sincerely,

SJ Talbot
